

NFRW GOALS

Patt A. Parker, Maryland
Nominee for NFRW 4th Vice President, 2010-2011

My vision for the NFRW is to grow our organization in a way to unleash our energy and establish NFRW as a recognized force in the political and legislative arenas at the national, state and local levels while holding to our Republican principles and values.

To accomplish this, I see NFRW broadening our circle of influence by focusing on five areas: increasing our openness to new or different ideas; increasing our visibility and relativity; increasing the number of and support to Republican women candidates; increasing our communication and feedback to state and local clubs and individuals; and as a result, increasing our NFRW membership and our influence.
